

Morning Drop-Off

Front Porch

DO's
Parents need to stay in their cars

Let your child exit to the sidewalk all the way back to the bike rack in Lane 1
Pay attention to the person holding the stop sign

Have your child ready to exit the car before entering the drive way

DON'T's
Let students walk between the cars

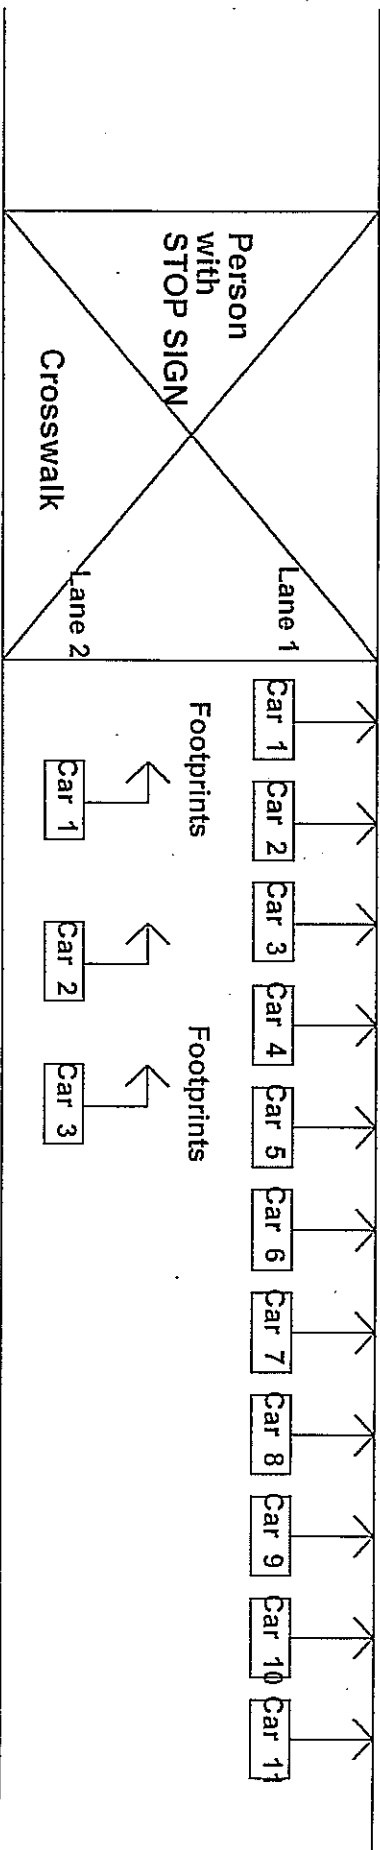

Pull car onto crosswalk

Wait to be the first car before you allow your child to exit the car

Stop to see that your child has entered the building

Sidewalk

Allow your child to exit on the sidewalk side all the way back to the bike racks. They must walk down the sidewalk.

Visitor Parking Lot

This map is not to scale

Only the first 3 cars unload in Lane 2. Students must walk down the center to the crosswalk!!! Do not allow them to walk between cars to the sidewalk. The crossing guard must hold up the stop sign before your child exits the car.

Afternoon pick-up

- Please stay in your vehicle. Abandoned cars slow the entire process. We will deliver your child to your vehicle.

- All vehicles form one lane of traffic to pick-up your children.

- When your child is placed in your vehicle, the outside lane is designated to exit. This will allow you to leave without waiting for the car in front of you to load. Please exit the pick-up area slowly!

- As you enter the car rider line, please make sure to display your visitor tag with your child's name. Teachers and /or Mrs. McCabe will send your child to a colored square on the sidewalk. Please pull all the way up to the designated color square to pick-up your child.

- If you intend to park your car, please come to the front porch area to meet your child and walk him/her safely back to your vehicle. We do not want children to cross the streets alone. Safety is our main concern.

- Please note, due to safety concerns, car rider pick-up at The Hill will no longer be allowed. All car riders will be held on the front porch for pick-up.

Walkers

- Cross streets only at designated areas staffed with a crossing guard.
- Wait on sidewalk until instructed to cross by crossing guard.

- Please note that there will no longer be a crossing guard at the Rock Prairie/Rio Grande intersection due to the installation of a new stop light. All students needing to cross Rock Prairie Road are to utilize the crossing guard locations at the Rock Prairie/Victoria or the Rock Prairie/Westchester intersections.
